It develops, produces and distributes laser systems and other innovative light source devices for the dermatologic and aesthetic fields and is synonymous with "made in Germany" high quality standards.

## Refine USA

340 3rd Avenue South  
Jacksonville Beach, FL 32250  
(866) 333-6858 telephone  
www.refineusa.com

Refine USA is a manufacturer of aesthetic products featuring Ohmic Thermolysis. Ohmic Thermolysis is not laser or light-based, it is the process of using electrical resistivity to deliver a micro-burst of high frequency energy into the vessel via a hair thin probe. The energy is instantly converted to heat which coagulates the blood and collapses the vessel wall, resulting in a very minimal effect on the outer layers of skin.
